The Pattern of Prophecy

Throughout the OT you will find a pattern surrounding “The Day Of The Lord”. It will often be introduced with the phrase, “In or On that day..” or “in the latter days”.

The pattern is that there will be a time of trouble, divine intervention by God, the removal of the wicked and sin, followed by righteousness and the rule of God.

These patterns are often given as a warning of God’s immanent judgement that are a picture of and find their ultimate fulfillment in the 2nd coming of Christ.

Eg. Isa.2 - 4:6, 10:20-11:10; 17:4-7; chps 24; 35 Hosea 2; Amos 9:5-15; Micah 3:9-4:5; Zech.14
